Interior

Nightclub based in an old military fortress in north kent, very close to the M25. The interior of the fort is partially renovated, the Club featured here, being one section which has been upgraded. The Club bar area has a stripped wooden floor, feature bar (with harley Davidson mounted on the back wall), and a "pole-dancing pole". There are additional rooms and corridors, some with raised flooring. - 3-Phase Power (500 Amps per Phase) - Domestic Power (32 Amps to all areas) - 100m extension will deliver power to ALL areas of the location, inside and outside - Power controlled with distributed fuse boxes (new style 32A trip fuses) This record should be viewed alongside LON1400 (Untouched interior spaces), LON1582 (Spaces that may be dressed to create prison environments), and LON1481 (Outside spaces)
