Interior

The block is classic 60's 3-storey terraced design with properties comprising garage and kitchen on the ground floor, living room home office and bathroom on 1st floor, and bedrooms on the 2nd floor. This family home is presented in a family modern style, attainable, clean and comfortable.

Exterior

This property is one of a terrace of 4 1960's built family homes. The block has its own driveway access and off street parking for all of these residents. (We have all 4 residential properties in this block registered with us, so they can be used in part or as a combined shoot as required.)
