Interior

Inside, the house is crammed full of period features from fireplaces to antique crystal chandeliers yet the decor has a contemporary twist. There is a bespoke state of the art kitchen, 2 reception rooms with fireplaces and phenomenal views over the countryside, a gym, laundry room and cloakroom on the ground floor. Upstairs you will find 4 large double bedrooms, again all with wonderful views. The master bedroom has an ensuite shower room and there is also a family bathroom with shower. The house is fully equipped with a Sonos sound system, voice activated lighting system and has central heating.

Exterior

The 10 acres of gardens are a real joy from the kitchen garden immediately behind the house, which faces South and where you can enjoy leisurely lunches in the shade of the wisteria draped pergola to the forest areas full of ancient trees, a treehouse and even a zip wire for the more adventurous!
