Features:

Interior

There are 3 large bedrooms built into a mezzanine floor which was created as part of the conversion, each with open beams. There are two lounges (one of which is the original classroom and is much larger than the other and with partial double height+ ceiling, large woodburning stove and bespoke staircase), again with open beams and a large kitchen. The house also has a utility room, office, and three small bathrooms.

Exterior

Converted Victorian School, dating from 1874. It has many original features, and some modern ones created as part of the conversion. Outside there is a rear garden which, whilst narrow, extends the full width of the house, a garage and a large drive with parking space for approximately 5 cars.
