Exterior

Detached family house 1930s with a long and neglected back garden, housing a single garage also in a neglected condition.. On a corner plot with a 1960s modern Baptist Church on the opposite corner. Small detached cottage immediately adjacent. Quiet spot overlooking village green. Road immediately outside can get mildly busy during rush hours. The village green is quite large, split into two by an avenue of trees. In the other half is a large duck pond, and opposite that a childrens' playground. A good selection of village shops and pubs within walking distance. Five minute walk from Epping Forest. Three minute walk to tube station.
