Interior

Newly renovated, with traditional 18th century architecture and walled gardens, the grand and sophisticated exterior houses a fresh, clean and contemporary interior and provides a flexible framework for film projects and photo shoots. The Shilstone grounds include a rare 17th century water garden complete with grottos and an Italian style water theatre. A ten minute drive from the A38 and easily accessible from London by train to Totnes or Plymouth or plane to Exeter, this award-winning period film location is easy to reach.

Exterior

Rolling hills, woodlands, lakes and wildflower meadows surround the estate and the sun-filled walled garden, complete with tower and stone fountain, looks out over tiered lakes and the valley beyond.
