Interior

The interior features an array of steel girders, gridding the 10,000 square foot area. The floor is concrete and walls are breeze block and steel. Power can be run from the warehouse building next door. The space has very little natural light and can be completely blacked out.

Exterior

The exterior consists of breeze block and steel. Gravel surrounds the unit. The placement has a dystopian, wasteland feel to it. The exterior consists of corrugated steel and breeze blocks and is surrounded by gravel.
