**Interior**

The main house was rebuilt in the 1920's in its original Georgian Style with original features such as sash windows, shutters, marble chimney pieces. There are several bedrooms and bathrooms of varying styles, offering up a versatile filming space. There are two kitchens, one smaller and a much larger with a huge dining table in the middle. Both have very light units. Large floor to ceiling windows flood the rooms with light throughout the main property. There is also a sauna within the main house.

**Exterior**

There is 620 acres to be discovered offering a bit of everything! You will find a medieval tower, farm buildings and tractors. Within the grounds there are lawns, kept gardens and ponds. Further out you will find fields and off road tracks. A huge Victoria greenhouse lies within the walled garden.
