Interior

This large extended family detached home has three reception rooms and four bedrooms. Downstairs the light filled hall way with a stylish WC, bright home office and a concealed utility space. The hall way takes you to the expansive open plan living room dining space and kitchen. This large area features wooden floors laid in a herringbone pattern. The dining area has large bi fold doors that lead to the garden, letting in floods of light and air. The kitchen is beautifully done with a large unique corner cabinet, large island with a skylight above. This whole space (as well as the garden) features a built in Bang & Olufsen sound system. To the right of the kitchen there is another large living room.

Upstairs you will find an amazing master suite with freestanding bath in the bedroom space, with a partial wall behind it leading to a large walk in wardrobe/dressing room. There are three further generous bedrooms, two of which share the family bathroom and the fourth has its own shower en-suite.

Exterior

The property lies at the end of a quiet cul-de-sac and has a gated driveway. At the back, you will find a big south facing garden with patio areas, play areas and a covered BBQ area. The garden is not overlooked on either side due to its location. As mentioned before the sound system extends to the garden.
