- Painted Walls

Interior

The original house was built in 1415 and was added to in Queen Anne, and Georgian, and Victorian periods. Therefore we have all four of these interiors available. The frontage is Georgian with Victorian bay windows and the side elevation to the garden is Victorian with bay windows. There is also a very tumble down brick and wooden out building.

Exterior

This is an unusual property in that it is in the middle of a council estate but is a very old house in a large compound which includes a modern church built in 1977 and a large private carpark
