LON6353

Georgian Mid Terraced Home For Filming

London home with large 100 foot garden for filming and video shoots

Location: South East London, London, United Kingdom

Within the M25: Yes

Categories: Period Houses | Terraced Houses | Family Modern

Features:

Interior

The home has 2.5 bedrooms and one large bathroom. The living room and dining room have been opened up, with an original (ornamental) fire place in the dining room, and log burner in the living room. There is a basement and a small attic room which is just used for storage. The kitchen leads through to what will become an office.

Exterior

The house is a 200 year old Georgian mid terraced house. Small pond and artificial grass leading up the garden, the garden is around 100 foot long and 20 foot wide.
