Features:

Facilities

- Domestic Power
- Internet Access
- Mains Water
- Toilets

Parking

- Off Street Parking

Views

- Countryside View

Interior

As you drive into the Estate , on your right is the late 18th century Manor House. As you come up the drive you arrive at the car park and reception area where you will also find our Orangery Cafe. Next to this is the Orangery Pavilion which has been converted from an old dairy farm and is still complete with its original features such as large beams and Georgian glass doors which open up onto a large grassed patio area providing the room with lots of natural light. This room itself is a generous size being 19 meters by 9.4 meters and 3.5 meters high.

Next to this is a rustic outer barn also converted from the old dairy farm and still has its oak beams and exposed brick work. To the left outside of the barn is a lovely lawned area with a pond.

As you travel through the estate which is surrounded by grassland and woodland, you come cross some of the outdoor adventure areas that we have on the Estate. You will see an adventure play ground, team building areas, climbing walls, an Areal Extreme Course, Zip Wire and Swing Bridge to name a few. Wooden hot tub with out door shower.

Further into the Estate you will arrive at the Glamping Village. This is 15 acres of Meadow land which is privately secluded by the large woodlands. The Glamping (glamorous camping) Village offers a large variety of accommodation such as Tipi's, Safari Tents, Hobbit Pods, Geodomes, Bell Tents and Unidomes.
