Hong Kong Bus For Filming And Photo Shoots

Tr-axle Hong Kong/London double decker bus available for filming and photo shoots

Location: Shropshire, United Kingdom

Within the M25: No

Categories: Buses

Features:

Interior

- the bus front destination is programmable to anything you want and even changing what it says. the destination equipment is camera friendly unlike other modern bus types.
 - small common single decker. ideal for difficult locations due to its short length and height.
 - can be resprayed or vinyled for film jobs subject to additional costs and time.
 - destinations can be programmed to anything you want but cannot guarantee these are camera friendly i.e. refresh rate of led's so may appear to slowly come and go on the screen.
- these can be left blank, green screened, or fit a paper type destination.
