Interior

This lovely renovated semi detached family home has been finished to a high standard throughout. It features a mix of in keeping features with modern twists and lots of colour throughout.

At the front of the house there is a living room with terracotta walls up to the picture rail and a striking wooden floor which continues into the hall.

The hall is a bright inviting blue colour.

There is a WC with patterned wallpaper, and further down the hall you will find a large open plan living, dining and kitchen space. The kitchen itself has very unique red cabinets and an island. The space is flooded with light thanks to the skylights and bi-folding doors.

Upstairs on the first floor you will find the master bedroom, a home gym which leads out to a large balcony above the kitchen. On the third floor, you will find two further rooms, one used as a home office/study.

Exterior

There is a small driveway in front of the house which lies on a residential street with large leafy trees.

The back garden is accessed via the bi-folding doors off the kitchen diner.

There is a large patio with a couple of small steps down to the lawn.
