Interior

Spacious family home with additional annex and out buildings

The main house has been beautifully renovated with a large open plan kitchen dining and sitting room. This space is filled with light thanks to the bi fold doors out to the garden and the huge skylight. The sitting area has a wood cladded feature wall and sofas. There is a large wooden dining table next to the kitchen end of the space. The kitchen juts out and continues around the corner. It features white worktops, blue lower units and grey upper units.

At the front of the house you will find a further separate living room with a fireplace and carpets.

Upstairs there are several bedrooms, including a master suite and a twin room. All rooms are decorated neutrally.

There is a separate annex and outbuildings on the property. These house a large purpose built office, as well smaller sitting areas with a piano.

Exterior

The rear garden of the property is large and well landscaped. There are patios and lawns, as well a large fully kitted outdoor kitchen under a lovely purpose built shelter.
