Walls & Windows

- Exposed Brick Walls
- Stone Walls

Interior

Filming Opportunities

Rooms exist on all 3 floors as well as the impressive courtyard which houses a bar and the front end of a tube train! Much of the structure has now been restored, however spaces exist that offer the potential to shoot in scruffy, imperfect environments, thus providing a naturally creative and inspiring workspace.

The building is now available with a fully licensed flexible event space with a bar and club (with Turbosound Highlite system) which is available for launch parties and events.

The building may be hired in part, or with all of the rooms linked - accommodating a maximum of 500 people.

Additional Facilities

Staging is available on site. This may be used as a stage for live acts, or as a catwalk for fashion shows. Services

* Events Management Team

An experienced events management team is on hand and with the ability to provide event support at any level and ensure the success of your time at our venue.

* Catering

There is a catering team and fully equipped kitchen on site, and the restaurant can be furnished to meet the demands of up to 120 covers.

Exterior

Parking dispensation is available for film / production companies if required, but our road is generally quite quiet by London standards.

Public Transport - Angel Tube station
