Interior

You enter the property through wide, solid oak doors. A hallway provides options to either access the large modern kitchen - with large light dining area (bi-folding doors) and a 2nd lounge with exposed brick wall. or the family lounge. The family lounge is another spacious room with tasteful decor/furnishings in shades of brown.

Upstairs there are 4 large bedrooms 2 with en-suite bathrooms, and access to the large balcony with views across the back garden and countryside beyond.

Original beams are present throughout the property, but don't dominate the spaces.

Exterior

Very large back garden with mature shrubs around the perimeter and mainly laid to lawn. There is a large covered bbq building with seating, along with children's play equipment. A large balcony (with glass balustrade) provides undisturbed views of the rear gardens and are fully accessible meaning that crews can easily set up elevated camera positions.
