Interior

Spacious, light, bright and tastefully decorated property. The colour palette is largely neutral comprising wallpaper and painted walls.

The flooring in the living room extension is cardine (or similar) which requires some element of care when used for filming, but otherwise this is a robust property very suitable for a broad range of shoot types.

Exterior

- Gated, off street parking to the front of the property suitable for holding 5 or 6 transit vans
- Paved terrace to the back and side of the house
- Former workshop looking down the garden
- Large back garden with Oak and Beech trees, mature shrubs and split lawn areas
- Stacks of chopped wood
- Beech trees on one side, and in the neighbours garden (adjacent) oak trees with interesting branch configurations
- Views to the front of the property of rolling meadows with dry stone walls (and owners white horse!)
