Interior

This three bedroom terraced house has been renovated to a high standard throughout. It is currently unfurnished and features hardwood flooring throughout.

The walls are a light neutral colour with contrasting coloured woodwork.

Downstairs there is a livingroom at the front of the property, a WC and a large kitchen diner built into the new extension at the back of the property. The kitchen features an island, dark blue cabinetry and space for a dining table. The back wall is made of large black paneled glazed doors leading out to the garden.

Upstairs you have three bedrooms and a family bathroom, all finished to the same standard and decor style as downstairs.

Exterior

The front door is within a small private space from the residential street. Out the back you will find a long narrow garden, with a lawn and lovely high end paving. This leads you down to an outbuilding at the bottom of the garden.
