Interior

Previously a solicitors office this substantial Georgian property comprises of numerous large rooms with neutral painted colour schemes.

Inside, there are spaces of special interest such as the Safe Room (with old safe shelving and original steel door), the basement with large interesting cellar, and the substantial formal rooms with their large windows and wooden flooring. This property was fire damaged just prior to reoccupation, so hirers need to book early to take advantage of the property in its present condition.

(Consideration will be given to minor changes to the property)

Exterior

The property is set within substantial private grounds with a large gated parking area. The exterior space would be suitable for use as a Unit Base for shoots in Watford town centre
