**Interior**

This expansive castle was completed in 1820 and has so much to offer. There are so many rooms spread across four levels. There are large barely furnished rooms making it a versatile space for filming. There are amazing spaces with tall styled ceilings and original wooden floors and paneled walls. The cellar space has various styles of rooms with curved ceilings and checkered floors. Upstairs there plenty of bedrooms, furnished lightly with single beds and coloured walls and carpets. You will find toilet blocks and bathrooms, featuring showers and baths. Some of these are found in the turret areas with lovely tall windows. There is a large commercial kitchen and the estate offers catering and accommodation for long shoots.

**Exterior**

The castle is set within an expansive estate which offers a secure and private setting for a large crew.
