Interior

Inside you enter to a traditional hall with lots of light and original features such as wooden flooring and cornicing. From here you are taken to the living room which is heavily wallpapered in keeping with the period of the property, this also has a fireplace. Through the colourful dining room which has French doors out to the garden, there is a bright kitchen which features a mix of different units including coloured, wooden and a stand alone dresser. There are skylights which help illuminate the space.

Upstairs there are bedrooms and bathrooms.

Exterior

Large gated drive in front of a large semi-detached Victorian home. The property is rendered a light colour and has beautiful wisteria plants hanging along the front. The house has a detached garage next to the it within the driveway. Around the back there is a lovely enclosed garden with small trees and plants and immaculate pathways and seating areas. A unique feature is one of the patios featuring a terracotta and cream diamond pattern.
