Interior

The ground floor features a large versatile floor spaced with cork flooring, slatted wood paneled walls. There are floor to ceiling windows letting in lots of light, these are complete with sheer curtains to help diffuse the light in the day. This floor is fully accessible and can accommodate over 100 people. Upstairs there is another large space which can take up to 50 people. This area has a large fully equipped kitchen with white units.

The whole unit features a Bose sound system and dimming lights throughout. The areas can be hired separately or as a full unit.

Exterior

This property has on street parking.
