Steam Funfair For Filming

Funfair featuring a number of steam powered attractions to hire

Location: Hampshire, United Kingdom

Within the M25: No

Categories: Trains, Stations & Yards | Recreational Facilities | Museums

Features:

Exterior

This funfair is fully operational between April and October, but is broken down for preservation and maintenance over the winter months. During the winter supplementary attractions continue to operate through the winter months. Additional filming opportunities exist on the lime tree lined drive, pillared main entrance, steam railway (x2), and around the assembly of residential and industrial buildings.
