Interior

We have a number of facilities available for use including the following:

3 runways - the longest reaching 7,500ft (2,286m)

UAS Hanger - 375 sq.m with mains power, control room, kitchen and rest facilities, external parking for multiple vehicles and CCTV

Operations Centre - ATS Tower, Office and VIP accommodation, high speed fibre optic internet, optional catering services and conferencing facilities.

All of these available with mountain backdrops and sea views over the cliff top.

We have a variety of buildings available with differing interiors. We have a ranges of offices and conference facilities with toilet and kitchens available for use. We also have outer buildings such as aircraft hangers and a control tower.

Exterior

With 563 acres of land we have a varying exterior including out-buildings such as aircraft hangers and a recently refurbished control tower. Our biggest exterior feature is our backdrop which includes sea views over the cliff and mountain ranges from where we are situated within Snowdonia National Park.
