**Interior**

This is one of two studios available, either separately or together, the other can found with LON7202. This studio can accommodate 8 crew members but offers bright open spaces across two levels. The main area has double height ceilings, large original period windows and a mezzanine balcony. it is complete with beautiful herringbone wooden flooring. Upstairs on the mezzanine balcony, there is a small table.

**Exterior**

The exterior is a stunning Victorian building that was once a school and now converted into apartments and studios. There is onsite parking available for up to five cars.
