- Countryside View

## **Interior**

This property and surrounding land has been the site for several large events in recent years. The owners have a strong understanding of the requirements for managing large events, and are able to provide a range of support services to ensure film shoots are secure and well managed.

In addition to the grazing land with scenic backdrops, the property also contains large sheds that can be used for events and/or support services for shoots.

Should it be required, transport is available to ferry cast, crew and equipment up onto otherwise hard to reach areas of the land
